

FISCAL NOTE

SB 1599 - HB 838

February 28, 1997

SUMMARY OF BILL: Authorizes local governments to bill and collect the solid waste disposal fees by including the fee as a separate item on the annual property tax bill.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures - Exceeds \$100,000

Estimate assumes an increase in state expenditures to the Comptroller of the Treasury for computer modifications necessary to identify and maintain records, to the extent that municipalities which fund such cost by special assessment choose to bill and collect such assessments through the property tax. The increase in state expenditures will depend on how many counties choose to participate in this billing and collection method and use the Comptroller's Office for billing. The Comptroller assists 250 municipalities in property tax billing.
